Influenza immunisation is normally available between March and the end of June every year. The influenza vaccine is a prescription medicine. Talk to your doctor about benefits and possible risks or ring 0800 IMMUNE.

TALK TO YOUR DOCTOR OR NURSE

IS INFLUENZA FREE IMMUNISATION FOR YOU?

Influenza immunisation improves your body's natural immunity.

- Are you pregnant?
- Are you significantly overweight?
- Do you regularly use an asthma preventer?
- Do you have diabetes?
- Are you 65 years or older?
- Do you have heart disease?
- Do you have kidney problems?
- Do you have a serious medical condition?
- Do you have cancer?

If you answered, 'yes,' to any of these questions your influenza immunisation may be **free** from your doctor or nurse.

DON'T LET THE FLU GET YOU

Make sure you and your family are ready to fight influenza. Ask your doctor or nurse about influenza immunisation
