

For All Patients On Arrival

1. For every patient who arrives in the practice

- a. Any family members between 1 year and 20 years?
 - i. NO: standard procedures
 - ii. YES: Mobilise!

Mobilise!

Check the presenting person's immunisation status verbally and in PMS and/or NIR

1. **Up to Date**, make sure they know measles is an issue their family and friends should know about and to arrange to follow up other family members if required.
2. **Not up to date**
 - a. Provide the practice letter
 - b. Ask to arrange a catch up immunisation during this visit (if child is there)
 - i. **If they are reluctant/decline:**
 - Explore the reasons.
 - Give them more information.- fact sheet or MMR sheet for example.
 - Encourage them to call 0800 IMMUNE if required.
 - ii. **If they agree:**
 - Do immunisation OR make appointment to do immunisation ASAP.
